## Trivia Questions

**Week 5 Day 6 & 7: I Start Again -  
Day 8: A Setback and a Surprise  
(pages 153-197)**

### Discussion Questions:

- Have you ever had to confess to a bad deed? How did it feel? (pgs 162-163)
- Do you think chopping wood is a fair trade for the stolen watermelon? (p.176)

### Trivia Question:

Have you ever learned something about your parents that surprised you? (p.184)

### ***Activity 5 - Weaving***

Old Emma's loom was large and had moving parts, so this will not be the same experience, but it's still fun to practice doing, with our hands, what a loom can do. A simple weaving frame can be made by making incisions in both ends of strong cardboard. Use the frame, and with a buddy, practice weaving. With a heavy ball of string, cover the frame. Start at one of the edges and thread the frame up and around each incision. Then fasten and cut. You can use any flexible material, for example, wool, ribbon, yarn, fabric strips, raffia, twigs, etc. The more variation, the more interesting the result will be. A piece of card or a ruler may be used to hold up the thread to make the weaving easier. When finished, pull off the frame and cut the loops and the side and tie knots.
